Edmund Muskie, Secretary of State
State Department
Washington, D.C.

22 October 1980

Secretary Muskie:

Thank you for your visit to the University of Wisconsin-Milwaukee campus on Tuesday evening, 21 October 1980. I thoroughly enjoyed your informative speech and the answers you gave to the many questions posed to you.

I must also apologize for the actions of the representatives of the UWM Student Government who heckled you that evening. I take pride in knowing that had our Chancellor not taken the actions he did last June, these people would not currently hold power at UWM and misrepresent the vast majority of students as they did Tuesday evening.

My best wishes for the future.

Sincerely,

James R. Cieslewicz
